This is more than a paragraph, but there’s a lot of stuff to cover here. Mix and match as needed, and let me know if you need more information.

Hi Andy,

When you receive the communications materials I can share with OPA. If you send a paragraph by tomorrow morning I can also include it in the weekly report for the Administrator.

Thanks!

After consultation with OSTP, USGCRP will release the 4th National Climate Assessment on November 23 (next Friday). USGCRP is preparing materials for public outreach and response and will share them with EPA as soon as the materials are ready. If you need additional information about the Assessment or EPA's role in its development when you convey this to the Administrator's Office, please let me know.
